CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Andrea Febles
D.M.

Name Andrea Febles

Course / Subject P.M.

Speaker / Class Carlos Pichardo

Date & Time 9-10-2026

KEYWORDS & KEY CONCEPTS

- Elementos
- Pertenencia
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: Conjuntos

Topic: concepto de conjunto

un conjunto es una coleccion de objetos reales o abstractos. sus elementos se escriben entre llaves, y un objeto puede pertenecer o no a un conjunto

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.

KEYWORDS & KEY CONCEPTS

NOTES

Title:

Conjuntos

Topic:

Interseccion (A ∩ B)

- Interseccion
- conjunto vacio
-
-
-
-
-

La interseccion contiene unicamente los elementos que son comunes a dos conjuntos.

Se representa con el simbolo $\cap$.

S: dos conjuntos no comparten elementos, su interseccion es el conjunto vacio.

Focus on the key concepts that generate value and understanding

ACTIONS / NEXT STEPS

Turn knowledge into action.
Small steps, big results

QUESTIONS & REFLECTIONS

 What questions do I have?

 What is unclear or confusing?

 What ideas connect?

 How can I apply this?

 What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points

KEY TAKEAWAY

Capture the most important insight.

Title: conjuntos

Topic: ley distributiva

La ley distributiva establece equivalencias entre la union y la interseccion de conjuntos. Permite distribuir una operacion sobre otra, por ejemplo: $A \cap (B \cup C) = (A \cap B) \cup (A \cap C)$

Tambien existe la expresion distributiva correspondiente que intercambia union o interseccion.

KEYWORDS & KEY CONCEPTS

NOTES

Title:

conjuntos

Topic:

complemento (A')

- complemento
- exclusion
- elementos
-
-
-

Focus on the key concepts that generate value and understanding

ACTIONS / NEXT STEPS

El complemento de un conjunto A , representado como A' , contiene los elementos del conjunto universo U que no pertenecen a A .

Su contenido depende del universo definido

Turn knowledge into action.
Small steps, big results.

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

KEYWORDS & KEY CONCEPTS

NOTES

Title: Conjuntos
Topic: Diferencia (A-B)

- Diferencia
- exclusion
- pertenencia
-
-

 Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

La diferencia entre 2 conjuntos $A-B$ contiene los elementos que pertenecen a A , pero no a B .

A Diferencia de la union y la interseccion, la diferencia depende del orden de los conjuntos.

 Turn knowledge into action.
Small steps, big results.

QUESTIONS & REFLECTIONS

KEYWORDS & KEY CONCEPTS

- Diferencia
- exclusion
- mutua
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

Turn knowledge into action.
Small steps, big results.

NOTES

Title: conjuntos
Topic: Diferencia simetrica ($A \oplus B$)

La diferencia simetrica reúne los elementos que pertenecen a uno de los dos conjuntos, pero no a ambos simultaneamente.

se puede expresar como la union de las diferencias $A-B$ y $B-A$.

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points

KEY TAKEAWAY

Capture the most important insight.
